

Help Me Grow, the Discovery Center and Council on Rural Services would like to offer the following opportunity to families of infants, toddlers and pre-school age children.

(Early Childhood Service providers are also welcome!)

“Promoting Positive Behavior in Young Children”

A Webinar for ALL Families at Discovery Center

February 26, 2010

10:30 a.m. to Noon

@ the Discovery Center

(Located at 1973 St. Rt. 47 W., Bellefontaine)

We love them dearly, but our children’s behavior can sometimes be a puzzle – and at times very frustrating for even the most experienced parents! On February 26 at 10:30 am, Dr. John C. Duby, Director of Developmental and Behavioral Pediatrics, Akron Children’s Hospital, will be doing a 90-minute live online presentation: “Promoting Positive Behavior in Young Children.” The Webinar is being coordinated by the Family Information Network (FINofOhio).

There is **no cost** to attend the webinar.

How to register? Simple! Just call Help Me Grow at 292-3041 to let us know you are planning to attend, and how many people will be coming with you.

Limited child care will be available if needed – we will be able to offer this service free of charge to families enrolled in Help Me Grow, all other families may also use this service if needed for \$2 per child. **Please register by Wed. Feb. 24th** to guarantee this service for your child.

This is a very informative and practical presentation.

Don’t miss this opportunity to hear Dr. Duby! Sign up now!
