LOGAN SOIL & WATER CONSERVATION DISTRICT 2012 TREE SALES

Logan SWCD is offering an assortment of tree packets for sale to urban and rural landowners. The plant varieties are selected for their popularity and hardiness in the Logan County area.

Trees provide food and cover for wildlife. The following trees and shrubs are great for animals and birds through winter, spring, summer and fall. Our seedlings are 1-2 years old and are packaged in groups of ten.

This is an economical way to work toward establishing or adding to a wildlife area, to create a windbreak, or landscape.

American Arborvitae

(White Cedar)

A dense, flat green pyramidal tree. It has feather-like, yellowish-green needles with blunt tips. Has a medium growth rate and grows 40-60 ft. high. Useful as a windbreak and wildlife habitat.

American Sycamore

One of the biggest, sturdiest & most durable of North America hardwoods. It's most striking feature is its unique bark, resembling the camouflage of a soldier's uniform. Height: 80-100 ft.

Baldcypress

A majestic *non evergreen*. Small leaves spirally around stem; sage green in summer; russet, soft brown to oranges brown fall color; 1-2" cones. Seeds are eaten by birds. It's a good street tree & provides light shade. Height-50 -100'.

Birch (River)

The cinnamon-colored bark of the River Birch is spectacular in the winter. Lustrous, medium-green leaves. Tolerant of both wet soils & dry summers. Medium to fast growth rate. Height -40' to 70'. 40'- 60' spread.

Black Hills Spruce

An evergreen with bright green to bluish needles. Popular as a landscape tree. Will grow to 20' tall and 15-20' wide. Ideal in a windbreak.

Black Walnut

One of the most valuable native trees. Heavy, strong, durable heartwood. Nuts are eaten by humans, twigs and nuts are eaten by wildlife. 70-100 ft.

Colorado Blue Spruce

Needles are stout and prickly 3/4– 1 1/4 inches long, rich green to bluish green. Moderate growth rate. Height is 80-100 ft.

Concolor (White) Fir

Needles are silvery blue to silvery green, flat, 2-3" long. Medium growth rate. Excellent ornamental and Christmas tree. Good wildlife cover. Squirrels & birds enjoy seeds. Matures at 50'.

Flowering White Dogwood

Produces creamy white blossoms in spring and red berries in autumn & winter that are enjoyed by wildlife. Prefers rich, moist, well-drained soil but does well even in dry soils. Height: 10-20 ft.

Lilac (Late)

A fast growing, shrub that blooms The purplish-white flowers appear in mid to late May, sometimes continuing into June. Grows 6-10 feet. feet in height. Excellent for wildlife. Easy to grow, & seldom bothered by pests.

Norway Spruce

Needles are dark green mostly 1/2 - 1 inch long. The twigs and branchlets hang downward. The only spruce with drooping branchlets and the only one with large cones. Height is 60-90 feet. Useful for wildlife habitat.

Pin Oak

A fast growing, large maturing shade tree which has a pleasing oval-pyramidal shape. Leaves are a deeply lobed, glossy dark green in summer. Fall color ranges from red to brown. Utilized by many game species. Pin oak is commonly planted for food plots.

Redbud

This small to medium size tree generally 25-35 ft. tall has been cultivated since 1641 as an ornamental. Showy reddish springtime flowers that appear before the leaves. It's seeds are eaten by birds.

Red Oak

Leaves turn a vibrant red in autumn. Fast growth, up to 2 ft. per year. Prefers sandy loam acidic soils in full sun. Wildlife enjoys the acorns that are produced. Height: 65-100 ft.

Southwestern White Pine

Needles are in groups of 5, soft, dark to bluish green, 2-4 " long. Can be used in windbreaks. Provides nesting, loafing, roosting cover & winter protection for wildlife. Seeds a palatable to small mammals & birds. 35-50' ft. in height. Beautiful Christmas trees.

Sugar Maple

A native tree that has dark green foliage turning yellow to orange to fiery red in fall. Grows in most types of soils. The sap is used to make maple syrup. Slow to medium growth. Height 40-60 feet.

Sweet Gum

Star shaped leaves turning to brilliant reds, oranges, yellows & purples in autumn. Sweet Gum are extremely resistant to pests & diseases. Birds enjoy the seed

Tulip-popular

One of the tallest hardwoods. Long straight trunk, narrow crown & beautiful flowers resembling tulips. Leaves turn yellow in fall. Lumber is used to build toys, furniture & instruments.

White Oak

A tall tree with rather evenly lobed hairless leaves that may be somewhat whitened underneath. Growth is good , best on deep, well drained loamy soils. Height is 60-80 ft. Can be used in a windbreak.

White Pine

Needles are in 5's, 3-5 inches long, soft texture, rich green. Fast growth rate. Height up to 100 feet. Good in a windbreak.

Enviro-Friendly Wildflower Seed

A balanced blend of flowering herbs & wildflower designed to attract beneficial insects and desirable birds. Also deters many garden pests. 4 oz. poly bag seeds 1,350 square ft.

Bird & Butterfly Seed Mix

The flowers in this blend attract Hummingbirds and butterflies all summer long. The heavy reseeding annuals act as a natural food source for songbirds all winter. 4 oz. poly bag seeds 1,350 square feet.

The investment of tree protectors protect your seedlings from wildlife damage, while still receiving proper sunlight and rain
